CME Group (formerly the Chicago Board of Trade), Chicago, Illinois E-CBOT Market Operations Specialist , 2001-2008

- Delivered high-level technical and operational support for electronic derivatives marketplace tasked with processing 3,200,000 transactions per day. Appointed as one of six CBOT staff tasked to relocate to Frankfurt, Germany for Deutsche Bores Group training on conversion of trading activities from Frankfurt to Chicago.

Achievements:

- Entrusted to support and assist in technical setup and rollout of Chicago office.
- Collaborated and conferred with Shift Supervisor as Second Shift Lead, produced staff schedules, and generated monthly departmental expiration reports.
- Significantly reduced second shift errors to five in 12-month period by going above and beyond support duties, including ordering and canceling orders as prescribed.
- Verified accuracy and completion of e-CBOT transactions and integrity of products while maintaining client relations and providing market data information.

ADDITIONAL EXPERIENCE

Market Technology Operations, 1998-2001. Trusted by pit committees to alter, manipulate, and manage data covering trade transactions. Skillfully delivered first level support for all transactions taking place on trading floors and individual trading pits. Successfully tracked and handled trading floor wallboards data and in-house TV data feed. Market Reporter, 1996-1998. Administered market bids, offers, and trades from commodity traders (both futures and options). Engaged in market transactions data entry into Exchange's proprietary 'trade capture' system.
